Kamehameha Day Races AN IDEAL DAY

CLEAR WEATHER WITH THE HEAT TEMPERED BY A GOOD BREEZE---THE TRACK IN FINE CONDITION---A LARGE CROWD PRESENT.

With the rays of a truly Hawaiian sun gently tempered by a grateful breeze, with all nature smiling and in the most generous of moods the Hawaiian Jockey Club had no condition to be desired for the success of the twentieth annual meeting at Kapiolani Park today. For weeks past the officers and members of the club had been making their preparations for the big event in celebration of Kamehameha day and the liberal patronage which the public bestowed on the meeting was an eloquent testimony to the appreciation of the efforts put forth.

Over two thousand people passed the entrance wickets before ten o'clock this morning and the grand stand was a brilliant scene of color by the time the first race was called. In the distance the crater of Diamond Head, verdure covered, added to the beauty of the picture and the foliage behind the back stretch, at its green-

est, formed a middle distance to charm the eye of any artist.

But it was not with the beauties of nature that the jockey club's patrons were most interested. They had come for a day's sport and they had come to the right place. The track for the past three months had been the object of the tender solicitude of Director J. C. Quinn and he had put it in the best possible condition. It was probably five seconds slower than the best California tracks but that is the best that the nature of the soil will permit. It had been harrowed and watered and scraped and rolled until it looked as smooth as a billiard table and there was nothing left for the most carping of critics to work upon.

The officers of the club were early a-foot and hard at work. President D. P. R. Isenberg, treasurer G. P. Wilder and secretary C. L. Crabbe with directors Prince David Kawannakoa and J. C. Quinn were all present attending to their different duties and all arrangements proceeded without a hitch.

The judges were C. H. Durfee, J. C. Cluney and Frank Halstead, T. V. King was clerk, W. T. Monsarrat acted as starter while Louis Marks, W. F. Love and C. J. Willis held the clocks. The clerk of the course was T. P. Cummings and the saddling paddock was in charge of W. M. Cunningham. Nor was the club content in provid-

ing merely the sport of kings for the entertainment of the crowd. Immediately in the center of the grand stand the Kawaiian Quintette club was stationed and their selections were alternated by a series of numbers performed by the Hawaiian band in its best style.

The entry list, as will be seen by reference to another column, was one of the best in the history of the club and a mere glance at the program showed that a perfect day's sport was in store for all in attendance. While the fields were in no case very large, the horses in both the running and the trotting events were classy and every event could be depended upon to provide a race.

The police arrangements were in charge of Captain Parker who had with him a squad of six mounted men and a number of patrolmen but as may be imagined, their duties were of an honorary nature rather than anything else.

First race: Three-eighths mile dash. Free for all, purse \$100.
Egyptian Princess, (J. O'Rourke) ch. m. 119.....1
Frank S. (William Casendyke) blk. gelding 121.....2
Geraldine S. (F. Hous) ch. m. 119.....3
Black Bess (E. Devauchelle) blk. g. girl broke, threw rider.
Racine Murphy (W. Lucas) r. h. 121. Left at post.

After a number of false starts Starter Monsarrat let them go but Racine Murphy was left at the post. The Princess went out in front at once and was never headed. She cantered with a good open length between her and Frank S. who led Geraldine S. by a length. Black Bess broke her girth after going a furlong and landed her rider on the ground without damage. Time 26 seconds.

Breeding: Egyptian Princess, by Imp Innerness out of Imp Sistrum. Frank S. Almost-Unknown. Geraldine S. Hamber-Ida N. Black Bess, unknown. Racine Murphy, Racine-Maggie R.

The heat was Samba's all the way. He won easily from Cyclone by four

Likeli Rushed Off To Hawaii

The officers of the steamer Likeli had hoped they would be able to enjoy all of today in port, attending the races and following other forms of amusement but to their chagrin, they were rushed out this morning on the vessel on a special rush trip to Kawaihae.

The row over the possession of the Parker ranch was the cause of the vessel being chartered. The presence of A. W. Carter in imperative in court on Monday, so Arthur A. Wilder counsel associated with Carter, decided not to risk Carter's failing to attend. Wireless messages were sent to Hawaii yesterday by Wilder, notifying Carter to be in readiness to board the steamer Likeli at Kawaihae on Sunday and return to Honolulu. Mr. Wilder had the steamer Helene held for about an hour last night to enable him complete the drawing of certain papers in the case and catch the vessel as he wanted to go to Kawaihae. Wilder may go overland to Kailua and there make application to Circuit Judge Edgings to take hand in the matter. The Likeli will reach Kawaihae early tomorrow and will be here either late Sunday night or early Monday morning with Carter aboard her. Wilder is expected to return also.

WAS ROBBED OF A DIAMOND

A. A. BRITTON, WHO ARRIVED BY ALAMEDA, IS ROBBED WITHIN 24 HOURS AFTER LANDING.

A. A. Britton, of San Francisco, who arrived in the city on the Alameda on Friday morning, was the victim of a daring robbery at some early hour this morning and as a result is minus a valuable diamond and several dollars in cash. He went to his hotel shortly before midnight and fortunately took the precaution of leaving his gold with the night clerk, retaining however, several dollars in silver. He is a sound sleeper and he was not disturbed during the night, but the first thing that he noticed upon getting up this morning was that his diamond ring was missing from his finger. Then he discovered that his loose cash had also disappeared and he at once informed the hotel management. A search of the room was made and the ring was found on the floor, but the diamond had been pried from the setting. The thief recognizing that the ring, which was a peculiar one in the shape of a tiger's claw, would be easily identified. The stolen stone is valued by Mr. Britton at about \$700. Entrance to the room had evidently been effected by way of the transom. The police have the matter in hand.

OTHER EVENTS OF THE DAY

THE WHOLE TOWN TOOK A HOLIDAY THOUGH ALL DID NOT GO TO THE RACES.

The town early had a holiday air. Few places of business were open. Flags flew from many flag staffs. There were a good many people on the streets, but most of them were evidently out for a holiday. Laid and holiday clothes were numerous in evidence.

From 8 o'clock until after 9 there was abundant evidence that Sunday school picnics were a part of the day's program. Children and elders and lunch baskets, in composite masses were moving in various directions. At the Pali station of the Oahu Railway there was a big crowd long before 9 o'clock. The picnic of the Methodist and the Christian churches were being transported by the railroad, the Methodist Sunday school to Diamond Island, and the Christian Sunday School to the Peninsula. Several hundred children and parents attended these two gatherings, the train taking them leaving at 9:15.

The members and friends of the Portuguese Sunday School under the direction of W. A. Bowen, made a brave showing through the town in wagonettes on the way to the Moanalua Polo field where their picnic was held.

There was an early start made for the Central Union church picnic at Oahu College campus. The transportation was under the direction of Jonathan Shaw. Admittance is by ticket. Elaborate provision for entertainment has been made and athletic sports are going on this afternoon.

Cholera Infantum—This has long been regarded at one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and exsutor oil as directed, with each bottle, and a cure is certain. Since this remedy has come into such general use, there are very few deaths from cholera infantum, and none whatever when it is given. NEW GOVERNOR OF CANADA.

Associated Press Cable to the Star.

LONDON, Eng., June 11.—The government has settled the question of the governor generalship of the Dominion of Canada, by the appointment of Earl Grey in succession to the Earl of Minto who at present holds that office.

The governor generalship of Canada is reckoned as one of the biggest offices in the gift of the British crown as it has nearly always proved a stepping stone to the vice-royalty of India. The term of office is for five years. The salary is \$50,000 a year, a sum which is quite inadequate to meet the expense entailed. Only a rich man can therefore take the office.

OUTBREAK OF PLAGUE.

Associated Press Cable to the Star.

QUAYAYQUIL, June 11.—An outbreak of bubonic plague has occurred at Paita, Peru. The disease is spreading rapidly and a panic exists among the inhabitants.
